

FIRMING TREATMENTS

MATRIX SKIN

NEW! Matrix Skin Sublative Rejuvenation breaks new ground in aesthetics. This new technology has the unique ability to treat all skin types for lines, wrinkle reduction, acne scarring and stretch mark reduction. Fractional radio frequency rejuvenation offers our clients the option of maximum results with minimum to no down time. www.matrixskin.com

TRINITI

TOTAL facial renewal in 3 treatments. Includes FotofacialRF, Refirme skin tightening and MatrixIR for wrinkles and skin texture. www.trinitis.com

ADVANCED FOTOFACIAL RF

FotofacialRF combines Intense Pulsed Light and Radio frequency energy to treat the full face, neck, hands and body. FotofacialRF is the most advanced treatment for age spots, hyper pigmentation, spider veins, sun damage, broken capillaries, melasma, cholasma, multiple freckles, rosacea, brown spots and new stretch marks. Most patients experience no side effects. The skin feels soft and you may return to your daily activities immediately following treatment. www.fotofacialrf.com

REFIRME ST

Refirme ST is a revolutionary treatment to tighten, tone and contour the face and is highly successful in treating the areas most affected by aging. After only one treatment, you will notice an overall improvement in skin texture. The treatment will create a youthful, refreshed and firmer look in the neck, eyes, brow line and deep folds on the face. Refirme ST offers a faster treatment time, greater skin protection, a more dramatic improvement in appearance and no down time. www.refirme.com

MATRIXIR

Minimizes fine wrinkles at the skin's surface and decreases deeper wrinkles below the surface—all in the same procedure with no down-time. www.matrixskin.com

HAIR REMOVAL

LASER HAIR REMOVAL

Our laser systems remove unwanted hair without damaging the delicate pores and structures of the skin. Facial and bikini areas are usually completed in less than ten minutes. Other areas of the body, including the neck, back and legs can take longer. Several different lasers are available depending on your hair and skin type.

SOPRANO XL

Introducing the new Soprano XL virtually PAIN FREE, HAIR FREE laser system, a state-of-the-art procedure specially designed to remove unwanted hair faster, more comfortably and with fewer visits. Now, because of Soprano XL's patented IN-MOTION technology, even sensitive areas can easily be treated without the discomfort caused by other systems. www.painfreehairfree.com

FACE & BODY TREATMENTS

ACNE TREATMENTS

A combination of medical peels and/or our superior intense pulsed light and radio frequency protocols achieve excellent results.

CHEMICAL PEELS

Chakras Spa Laser Center offers a variety of medical chemical peels including Glycolic, Salicylic, TCA and Vitamin A peels. A pre-peel consultation is recommended to determine which peel will meet your individual needs.

ADVANCED VELASHAPE

It is estimated that 80% of women over age 20 have cellulite. VELAsHape is proven to reduce cellulite. It is the only truly effective, non-surgical, non-invasive treatment that decreases localized fat deposits, smoothes cellulite and tightens your skin in less time than any other method available. It works on all skin types and requires no down-time. With VELAsHape, you may experience not only the smoothing of your cellulite but also body contouring. You may experience reduction of your hips, thighs, stomach, buttocks and love handles. VELAsHape is now FDA cleared for circumferential reduction! www.velashape.com

SPIDER VEINS

A combination of treatments including intense pulsed light and radio frequency is excellent for spider veins and broken capillaries on the face, legs or body.
